Intended Target Market	<i>High segment</i>
Estimated Production Cost in Euro	<i>150 Euro</i>
Estimated Retail Price Class in Euro, excluding pin-based bulb and value added tax	<i>650 Euro</i>
Product Description:	
<p><i>Fascination for the elusive light was main inspiration for creating the Light-curtain. By wrapping the light in the transparent nylon-fabric, the light is being caught in the fabric and the light is given shape. Rolling up or down the curtain, the user can fix the height of the lightsource and with it the intensity of the light. Because the light-curtains are connectable to one another it is also possible to create transparent lightwalls.</i></p>
