<b>Product Description:</b>	
<p><i>The lamp "Surprise!" is clearly inspired to natural-organic forms as well precious, like the stars or golden pepitas. It's composed of two elements likewise shell' s valves in ceiling fixture version, only one in 'wall' version. The valves are gold or silver chromated and crumpled textured, with two and three transparent portholes, similar motorcar beams, with prismatic effect or "fresnel" textured, for best light's diffusion. It' s manifest the employment for particular and private atmospheres. The manufacture is easy and economic for a strong product and destined to continue in the future.</i></p>
